this text emphasizes a modern approach to microeconomics by integrating new topics in microeconomic theory and making them accessible to students these topics include risk and uncertainty asymmetric information and game theory traditional topics are also treated in a clear way with solid applications modifications have been made to the text in this edition these include new information on the theory of the firm specifically the coverage of cost and examples are included throughout the text to reinforce the material presented

the collapse of the rana plaza in bangladesh 2013 is one of many cases to invoke critical scrutiny and moral

outrage regarding the conditions under which consumer goods sold on our markets are produced elsewhere in spite of abiding moral concerns these goods remain popular and consumers continue to buy them such transactions for goods made under deplorable production conditions are usually presumed to count as normal market transactions ie transactions that are recognized as valid consumer contracts under the rules of contract law minimum contract justice challenges this presumption of normality it explores the question of how theories of justice bear on such consumer contracts how should a society treat a transaction for a good made under deplorable conditions elsewhere this book defends the position that a society that strives to be minimally just should not lend its power to enforce support or encourage transactions that are incompatible with the ability of others elsewhere to live decent human lives as such the book introduces a new perspective on the legal debate concerning deplorable production conditions that has settled around ideas of corporate responsibility and the pursuit of international labour rights

if there was any question before there is no longer a question today inequality discrimination poverty and mobility are prominent national issues the notion of the american dream has been sold to generations of young americans as the idea that working hard and following your dreams will allow you to break through any barriers in your path and inevitably lead to success however recent findings on inequality discrimination poverty and mobility show that the american reality is very different the third edition of this introductory level text has been completely revised to bring students up to date with current economic thinking on these issues with an emphasis on data theory and policy this book tackles each issue by exploring three key questions in each chapter what does the data tell us about what has been happening to the american economy what are the economic theories needed to understand what has been happening what are the policy ideas and controversies associated with these economic problems key controversies are highlighted in each chapter to drive classroom discussion and end of chapter questions develop student understanding the book will also be accompanied by digital supplements in the form of powerpoint slides for each chapter this clearly written text is ideally suited to a wide variety of courses on contemporary economic conditions inequality and social economics in the united states

microeconomics 2nd european edition offers comprehensive and accessible coverage of microeconomic theory explaining how this is used to analyse and evaluate contemporary market systems the book draws on relevant real world examples to highlight how theory can help to solve or understand a range of problems and is a central basis for thinking like an economist

a world list of books in the english language

this work introduces a different way of thinking about the concept of economic efficiency that is both consistent with its historical derivation and arguably more useful than concepts currently used an expanded version of kaldor hicks efficiency as an axiomatic system is proposed
